PROFESSIONAL SUMMARY

Aspiring and skilled **Full Stack Web Developer** with hands-on experience in developing dynamic, responsive web applications using the **MERN Stack** and **WordPress**. Proficient in **Node.js**, **Express**, and **MongoDB**. Passionate about learning new technologies and frameworks to create user-friendly, high-performing solutions.

EDUCATION

KIET Group Of Institutions

Bachelor of Technology in Electronics and Communication Engineering (CGPA: 7.8/10)

Ghaziabad, UP

Dec. 2022 – May 2026

PROJECTS

Blogging Website : *WordPress*

Nov 2023 – Jan 2024

- Developed a fully responsive blog using WordPress and drag-and-drop builders (Elementor/WPBakery).
- Customized layout for a user-friendly interface with mobile responsiveness.
- Integrated SEO plugins (Yoast SEO), security features, and performance optimizations to boost visibility and speed.
- Deployed with optimized images, leading to faster load times and improved engagement.

Feedback Website : *MERN Stack*

June 2023 – Aug 2023

- Created an interactive feedback platform that collects user reviews and provides insights via dynamic graphs and charts.
- Utilized MongoDB, Express.js, and Node.js for efficient data management and seamless API integration.
- Implemented real-time data visualization with Chart.js for enhanced feedback analysis.

Airbnb Clone : *MERN Stack*

2024

- Developed a fully functional Airbnb clone using the MERN stack (MongoDB, Express.js, Node.js).
- Designed RESTful APIs for user authentication, property listings, and booking management.
- Implemented JWT-based authentication for secure user access and login.
- Optimized backend and database queries to reduce page load times, ensuring a seamless user experience.

Wi-Fi Controller for EV Charging : *Major Project*

2024

- Designed a Wi-Fi controller for EV charging stations, enabling remote monitoring and energy-efficient operations.
- Integrated automation features for a seamless and improved user experience.

TECHNICAL SKILLS

- **Front-End:** React.js, Tailwind CSS, JavaScript, WordPress (Elementor, WPBakery)
- **Back-End:** Node.js, Express, RESTful APIs, GraphQL
- **Database:** MongoDB, MySQL
- **DevOps/Tools:** Docker, Git, GitHub, Agile Methodologies
- **Other:** SEO Optimization (Yoast SEO), OpenCV

CERTIFICATIONS

- Full Stack Web Developer
- OpenCV
- Advanced JavaScript

EXTRACURRICULAR ACTIVITIES

Played at the National Level in Under-17 Badminton Tournament.
